**RE: Election Appeal Board Decision for Councillors
2017 - Meander River**

After careful review of the evidence presented by the Applicants, the Appeal Board unanimously agree to deny the Appeals on the grounds that evidence presented did not indicate an infraction of the regulations and so advise the Applicants and the Council and allow the election to stand as the infractions cited by the Applicants of the Dene Tha' First Nations 1993 Regulations did not significantly affect the results of the election.
