Dene Tha First Nation COVID-19 Response

DTFN COVID-19 Assessment testing and screening locations :

Assessment drive thru centres will help to reduce visits to emergency departments and minimize the risk of transmission. If you are experiencing any symptoms or travelled outside of the province and region, please call your local Health Center for further information and instructions.

- **Chateh Health Center**
Monday to Friday 9AM-5PM
- **Meander River Health Center**
Monday to Friday 10AM-4PM
Please call MR public health nurse to arrange for COVID testing if you are experiencing any symptoms.
Hours of operation may vary
- **Bushe River Public Health Office**
Currently closed until further notice
Please call NPTC Karen Benwell authority representative for further information at 780.821.0238

Self-monitoring, isolation, and quarantine

All individuals should self-monitor for symptoms associated with COVID-19 and if symptoms develop, they should isolate themselves at home, seek medical attention as required and

follow direction of their public health authority.

When self-isolating :

- **Stay home, do not** visit family, friends, attend social gatherings or travel for essential shopping.
- **Avoid close contact** with people in the same household, especially seniors and people with chronic illness, etc.
- **Do Not** take public transportations buses or taxi and do not share a vehicle with anyone to avoid close contact or wear a mask.
- **Yes you can** go outside on your own private property.

Call your local DTFN health officials to arrange pick up and drop offs; food, medicine, and supplies, if you are self-isolating at home.

Emergency Management Recommendations

- **EMT Administrator On call 780-285-0084 for any questions, updates or additional information**
- Staying home as much as possible and avoid non essential travel. Use a non-medical mask

when you cannot safely physically distance

- Strongly recommends members not to travel outside the province and into infected areas/zones with a high number of COVID cases. If you have done so, please follow the self-isolation process.
- Continue to practice social distancing and wash hands regularly.
- Travel restrictions are in place, please refer to EMT monthly updates. It is recommended that children, elders and members with chronic conditions stay home unless necessary.
- Please check out DTFN website at www.denetha.ca and/or social media Facebook for posted updates
- DTFN Local radio station Monday-Friday from 1 :00 PM - 5 :00 PM for updates in Dene.
