COVID-19

-  Choose costumes that allow your child to wear a non-medical mask. They can wear underneath a Halloween mask as long as they can see and breathe comfortably. Make sure it's comfortable so your child won't need to adjust it.
-  Go only with family or cohort members and keep a healthy distance from others.
-  Stay in your community to limit the number of people you come into contact with
-  Carry hand sanitizer and use it after touching touch-points like doorbells or railings.
-  If you can, knock instead of pushing doorbells, or keep 2 metres from the door or porch and call "trick or treat". Make sure the person calling is wearing a mask.
-  Wait until you're home and have washed your hands before handling candy.
